

Low Level Oil Collector

Art No : AX 3101112

- Rugged steel construction makes these ideal for use in heavy duty repair shops
Wheel mounted floor waste oil drainers, suitable for gravity draining of engine, gearbox and diff oil from all vehicles
- Easy access to clearance outlet and suction hole provided on top
- Anti-splash screen which can be used as a support for draining oil filters.

- Pit gravity waste oil drainer, suitable for the draining of motor oil, gear oil or differential oil from trucks and passenger cars
- Built in Oil Pump for easy evacuation of waste oil from the drainer tank.
- Large 64 litre capacity oil drainer
- Available in a choice of gravity version or fitted with manual rotary pump for pumping out used oil
- Simply wheel under vehicle, avoids the need to carry waste oil containers around the workshop

Battery Analyser

Art No : AX 3101114

- Allows the following to be tested: battery, alternator and starter
- Fitted with software for printing test from PC
- Backlit display
- Compact, shockproof frame
- Complete with input for connecting a removable mini printer (optional accessory)

TECHNICAL DATA:

- Applications: 12V battery test - 12V alternator charge test - Starter test
- Operating range: 100-1700 CCA
- Reference standards: CCA, SAE, DIN, EN, IEC, JIS standards.
- Voltmeter: 9V-15V
- Cable length: 180 cm
- Languages: Italian, English, French, German, Spanish, Polish, Romanian, Dutch, Swedish and Finnish
- Take less than 30 second to test.
- Accessories included: USB cable and software.
